YPFS Lessons Learned Oral History Project

Salvatore Antonio "Tony" Fratto

The Yale Program on Financial Stability (YPFS) contacted William B. English by email to request an interview regarding English's time as Deputy Director, Division of Monetary Affairs, at the Federal Reserve Board in 2008-10, a position that put him close to many of the critical decisions made in response to fast-moving developments during the height of the Global Financial Crisis. Access both the full interview transcript and a stylized summary of the key observations and insights gleaned from this interview below.
